The New Yorker Book of Cartoons - Bob Mankoff 2002-01-01 A Sophisticated Smirk Riot Filled with Jabs at the Overly Serious World of Politics.

The Rejection Collection - Bob Mankoff 2002-08-27 Here is a cornucopia of 104 dead-on drawings and eye-opening ruminations on all things bookish, writerly, and readerly, courtesy of The New Yorker’s renowned stable of cartoonists, including Charles Barsotti, Roz Chast, Jack Ziegler, George Booth, and many others. The art collected here forms, as David Remnick put it in his Foreword, “the longest-running popular comic genre in American life.” Throughout the book, brief interviews with each of the artists are included, offering a behind-the-scenes look at the comic minds behind the cartoons. This collection is as close to a “cartoon autobiography” as one can get. It is a treasure trove of insight into the creative process of the world’s best cartoonists. Whether you are a cartoon aficionado or completely new to the genre, this book will appeal to you.

The Not So Great Outdoors - Zachariah Daughtry spent the last six years of his life in the Georgia State Penitentiary in Reidsville. He was out early on good behavior. It's Not It - Antonio Almeida 2012-06-01 You cannot escape the results of your thoughts. You think you are playing out in your life. If your thoughts are full of anger, you will experience anger in your life. Adversely if you understand and realize the energy you hold, you will find peace and joy. The suffering we experience, is mainly due to our holding on to past thoughts, yearnings, and aspirations. As long as we remain in the past in our thinking, we will suffer. As long as the cultures across the globe remain isolated, which no longer work for their citizens the people of this world will continue to suffer. You have the miracle of mind in your group. Change your perception, and that is saved. This book explores the areas of life, which keep you in bondage, and slavery. It shows you how thinking with alone can free yourself, and family. The rooms in the head, the heartache, and suffering can be eliminated out of your life. It is the Miracles of Mind, which allow this to happen. Join me in this most timely journey. The Citizen Audience-Richard Butch 2009-02-15 In The Citizen Audience, Richard Butch explores the cultural and political history of audiences in the United States from the nineteenth century to the present. He demonstrates that, while attitudes toward audiences have shifted over time, Americans have always judged audiences against standards of good citizenship. From descriptions of tightly packed crowds in early American theaters to the contemporary reports of distant, anonymous Internet audiences, Butch examines how audiences were represented in contemporary discourse. He explores a broad range of sources on theater, movies, propaganda, advertising, broadcasting, journalism, and much more. Butch discovers that audiences were characterized according to three recurrent motifs: as crowds and as isolated individuals in a mass, both of which were considered bad, and as publics which were considered ideal audiences. These images were based on and reinforced class and other social hierarchies. At times though, subordinate groups challenged their negative characterization in these images, and countered with their own interpretations. A remarkable work of cultural criticism and media history, this book is essential reading for anyone seeking an historical understanding of how audiences, media and entertainment function in the American cultural and political imagination.

In the Field, Among the Feathered-Thomas R. Dunlap 2011-12-14 A history of field guides about American birds from the Victorian era to the present draws on extensive archival research to demonstrate how the twin pursuits of recreation and conservation have rendered field guides a preferred method of informal education, citing the contributions of such figures as Roger Tory Peterson.

Dear Bob, Dear Betty, Love and Marriage During the Great Depression-Elizabeth C Wright 2009-12 In 1932, at the height of the Great Depression, two young people meet and fall in love. Lovelorn Betty (Bob), Frank Lloyd Wright's youngest son, whose adolescence was marked by the public scandals surrounding his father's private life, is struggling to begin a private law practice in Chicago. Elizabeth Kehler (Betty), daughter of a Chicago artist who abandoned the family when she was still in the womb, is working as an intake counselor at the Milwaukee Vocational School. Their summer romance, which corresponds over a 10-month courtship period is witty, saucy and poignant, as they grapple with their passionate feelings and try to create a financially stable marriage in the midst of the 20th century's most serious economic crisis. The couple's daughter, a scholar of French literature, has written an introduction telling their story before and after the courtship. 35 illustrations, extensive footnotes and an index illuminate the family and social history behind the letters.

Russia - Art Resistance and the Conservative-Authoritarian Zeitgeist-Lena Jonsen 2017-10-30 This book explores how artistic strategies of resistance have survived under the conservative-authoritarian regime which has been in place in Russia since 2012. It discusses the conditions under which artists work as the state spells out a new state cultural policy, aesthetics changes and the state attempts to define what constitutes good taste. It examines the approaches artists are adopting to resist oppression and to question the present system and attitudes to art. The book addresses a wide range of issues related to these themes, considers the work of individual artists and includes besides its focus on the visual arts also some discussion of contemporary theatre. The book is interdisciplinary: its authors include artists, art historians, theatre critics, historians, linguists, sociologists and political scientists from Russia, Europe and the United States.

Farewell to Prosperity-Lisa R. Rose 2014-07-30 Farewell to Prosperity is a provocative, in-depth study of the Liberal and Conservative forces that fought each other to shape American political culture and character during the nation’s most prosperous years. The tome’s central theme is the bitter struggle to fashion post-World War II society between a historic Protestant Ethic that required free-market economics and money-making with selflessness and a new, secular Liberal temperament that emerged from the twin ordeals of depression and world war to stress social justice and security. Liberal policies and programs after 1945 proved key to the creation of mass affluence while encouraging disadvantaged racial, ethnic, and social groups to seek equal access to power. But liberalism proved a zero-sum game to millions of Americans who felt their sense of place and self progressively unlinked. Where it did not transform traditional social relationships and assumptions, liberalism threatened and, in the late sixties and early seventies, fostered new forces of expression at radical odds with the mindset and customs that had previously defined the nation without much question. When the forces of liberalism overreached, the Protestant Ethic and its millions of energized and energized proponents staged a massive comeback under the anoint of Ronald Reagan and a revived Republican Party. The financial bribes, miscalculations, and follies that followed ultimately created a conservative overreach from which the nation is still recovering. Post-World War II America was thus marked by what writer Salman Rushdie labeled in another context “this-skinned years of rape-defined identity politics.” This “politics” and its meaning form the core of the narrative. Farewell to Prosperity is no partisan screed entailing recent history to support one side or another. Although absurdist abound, it knows no home, affecting Conservative and Liberal actors and thinkers alike.
